

# Robot Nature vs. Robot Nurture

Torbjørn Dahl, University of Wales, Newport

- Previous and ongoing research
    - Incremental development of adaptive behaviours
    - Reinforcement learning in multi-robot systems
    - Emergent self-organisation in social systems; human, animal and robotic
  - At VVV07
    - yarl (yet another reaching learner)
    - RL with crude corrections (Fagg *et al.* 97)
    - Inspired by infant reaching strategies (Berthier 94)
    - RobotCub in Webots/Gazebo
-
